Mentors Statement of Commitment

We the undersigned husband and wife, having completed Mentors4Couples training and meeting all of the requirements of this ministry, realize the importance of commitment to the institution of marriage.

We understand and believe that God created man and woman in his likeness and image and established the marriage relationship because it was not good for them to be alone and God desires for us to stay together for life.

We understand the accountability and effectiveness of the mentoring process, and believe it is extremely beneficial to constructing a healthy marriage; therefore we commit to serve within the parameters of Mentors4Couples specifically utilizing their process and materials.

Therefore, we _____ (Mentor Husband) and _____ (Mentor Wife), hereby commit to this mentoring process for at least one year and pledge our commitment to be faithful to meet on a consistent basis with our mentee couple.

We agree to be faithful to commit time in the Word, to pray regularly, and to spend time with fellow believers. In addition, we acknowledge the importance for confidentiality and commit to refer to our mentee couple as "Skippy and Ginger" whenever necessary to reference our couple for wise counsel. We also commit to the following confidentiality statement when others seek information, "I cannot confirm or deny that Mentors4Couples is involved with any couple. If it were you, we would extend the same courtesy to keep your name confidential at all cost." Furthermore, we acknowledge and understand that any information provided during mentoring sessions shall be considered confidential and shall not be disclosed except as required by law in effort to protect someone's health and well-being.*

We vow to stay faithful to God and each other, and trust in Him throughout this process even though there may be times when our emotions, circumstances, or our culture may try to convince us otherwise.

*Confidentiality limitation: it is imperative that mentors refer mentees to a minister and the appropriate agencies and authorities if they see evidence of or suspect domestic violence; child molestation; suicide attempts; illegal activities; danger to self, others; or abuse of minors and dependent adults. Mentors are never responsible to mentor a couple through these situations.
